EXPERIENCE

Front-End Developer TechOn Ventures

04/2023 - Present,

Experience

- Spearheaded the development and maintenance of a state-of-the-art web application using React JS, ensuring it remains at the forefront of technology.
- Successfully integrated APIs in the Front End using React, Redux, and Axios, contributing to a seamless and efficient user experience..
- Enhanced application performance by implementing code splitting and conducting refactoring in a React JS environment
- Solely managed the Admin Panel and User Panel, successfully implementing **Redux Toolkit** for advanced state management. This initiative significantly elevated the overall application performance.

Front-End Developer TechnoMide

Technologies

- Website Development, Coding Instructor

EDUCATION

Bachelors

PAF-KIET UNIVERSITY Bachelor of Science in Computer Science

01/2019 - 04/2023,

Karachi

Course

- BSCS

CERTIFICATES

Learn Interactive JavaScript Website

Learned about programming concepts of object-oriented and worked on conditions, arrays, objects and much more

MERN Stack Developer

Learn use of rest and spread operators, id De-structuring, usage of react js Node js Express js and MongoDB

Build a website with HTML and CSS(Skill Path),

Learned about HTML and CSS , Responsive Design , Flexbox , CSS Transitions ,

SKILLS

JavaScript

React JS | MUI

Html | CSS

Bootstrap | Tailwind CSS

Git | GitHub

Vercel | Netlify

Node JS

MongoDB

Express JS

PROJECTS

Wits-pi App

- Developed and managed a dynamic web-based application with live chat and group creation capabilities using React JS..
- (Continue)

ITS ADMIN PANEL

- Led UI development and seamlessly integrated complex APIs for the administration panel. Leveraged the Context API to ensure effective state management and maintain a clear hierarchy in the project

ITS USER SIDE

- Implemented Redux Toolkit for state management, significantly improving the application's performance and maintainability..
- Collaborated with the backend development team to integrate and optimize

Complex logic

- Designed an intuitive and responsive UI for a mobile application using React JS, incorporating industry best practices for design and usability. Implemented complex logic to ensure a user-friendly experience.
